Life Threatening Emergency Medical Form For School and Transportation Use

- 1. Use of this form is limited ONLY TO STUDENTS WITH LIFE-THREATENING MEDICAL CONDITIONS that may require the emergency administration of an epinephrine auto-injector or other emergency medical attention.
- 2. This form shall contain a clear and recent photograph of the student.
- 3. Please ensure that this form is filled out completely, legibly and in pen.
- 4. This form should be updated yearly and/or as medical information changes.
- 5. NOTE: Bus companies do not provide epinephrine auto-injectors on the school bus/vehicle. It is the responsibility of the parent(s)/guardian(s) to ensure that their child carries an auto-injector if it is required. Bus drivers are trained in administrating an auto-injector.
